

REMARKS

Claim 7-9 and 13 have been amended in order to have the claims in condition for examination. Early and favorable action is awaited.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "Version with markings to show changes made."

In the event there are any additional fees required, please charge our Deposit Account No. 01-2340.

Respectfully submitted,

VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the Specification:

Page 1, after the title, insert the following paragraph:

--This application is a continuation of international application PCT/JP99/02312 filed on April 28, 1999.--

In the Claims:

7. (Amended) The speaker apparatus according to [one of claims 1 to 6] claim 1 or 2, wherein the diaphragm extends over an entire surface of a desired speaker array and is provided with the transducers whose number is the same as that of the signal control points of the desired speaker array.

8. (Amended) The speaker apparatus according to [one of claims 3 to 6] claim 3, wherein the diaphragm extends over an entire surface of a desired speaker array, and the sound images are localized in positions of the signal control points of the desired speaker array.

9. (Amended) The speaker apparatus according to [one of claims 3 to 6] claim 3, wherein the transducers are arranged in a peripheral portion of the diaphragm.

13. (Amended) The speaker apparatus according to [one of claims 1 to 6] claim 1 that is integrated with a keyboard.
